

2nd Annual Recycling Q & A

Yes! Reducing, Reusing & specifically, Recycling!!

Wednesday, April 1

7 PM

Belmont Public Library

We welcome special guest, Carolyn Dann, Massachusetts Department of Environmental Protection Municipal Coordinator and Mary Beth Calnan, Belmont Recycling Coordinator for our 2nd annual Q & A on Recycling. Carolyn Dann has a long career in the industry. She was Financial Analyst for Wheelabrator, a waste-to-energy pioneering company for 6 years, then spent 11 years as National HHW Consultant (Waste Watch Center). She has served the past 14 years as MassDEP Municipal Coordinator, a position in which she consults to towns in NE3 region.

We'll hear about new successes in our public schools and bi-annual special collections. With a new DPW Director and a contract to be renewed in less than 2 years, what's in our future? What can we learn from the regional approaches to recycling; what do can we reasonably expect to improve? How is Belmont working on the MassDEP strategic plan for 2015? This a great way to learn from both professionals in the field and your neighbors - we have some expert residents in Belmont!

Can't be there? Please [send your question](#) and we'll be sure to include it in our published re-cap.

Do you see the no-no in the picture above? If not, join us; if so, join us!
